Family celebrating mom!

Mom's 80th birthday!

We had a wonderful celebration for mom's 80th with family & friends gathering in the new home!

We moved into the new house late December and are still settling down. I am enjoying the new place: the safety, beauty, order, space, garden, neighbours that you get to interact with... water aerobics with mom =), etc...getting back into Brazil!

Switzerland and YWAM

I have been in Switzerland with the Masters studies this February with YWAM's UofN, working to finish it with a project done in Brazil.

Re-connecting with close friends in YWAM has been a gift to me in so many ways! grateful for their input in my life.
